**Your support can
change lives!**

*« The Foundation's grant allowed me to prepare
for my move to Iceland with peace of mind,
by easing the financial burden of a two-year
stay in a country with a particularly high cost of
living. Without the support of this scholarship, it
would have been much more difficult for me to
commit to my project. »*

Elias Mahieddine
Third-year engineering student

**Now, you too can help other students
achieve their dreams. Every contribution,
no matter how small, has a real impact.**

Thank you for being part of our story!

The Foundation Centrale Nantes has three ambitions:

Equal opportunities and inclusion,
A sustainable campus accessible to all,
Innovation and science for change.
